Comprehension:

Read the given passage and answer the questions that follow.

A good citizen must abide by the rules and regulations and obey the law and order. But these days it is not so. People have become so aggressive that the tendency to use violence at the slightest provocation is at its peak to solve personal and general problems.

People don't wait or work for the police. They try to solve the problems themselves, thus landing in many difficult situations. The reason may be the lack of information, delay in justice, or trying to sort out the problem then and there but this must not be done. The law should never be taken into hands.

The law and order is maintained for a peaceful living of society. Aggressive behaviour tends to aggravate the problems. It doesn't lessen anything. First of all, people must learn the art of positive thinking. Our youths are our future. Students must be taught the right things from the beginning; to be a good citizen one should abide by the rules and regulations. Moral education must be imparted in schools. The family also plays an important role in this field. A child's first school is his home.

Comprehension:

Read the given passage and answer the questions that follow.

A good citizen must abide by the rules and regulations and obey the law and order. But these days it is not so. People have become so aggressive that the tendency to use violence at the slightest provocation is at its peak to solve personal and general problems.

People don't wait or work for the police. They try to solve the problems themselves, thus landing in many difficult situations. The reason may be the lack of information, delay in justice, or trying to sort out the problem then and there but this must not be done. The law should never be taken into hands.

The law and order is maintained for a peaceful living of society. Aggressive behaviour tends to aggravate the problems. It doesn't lessen anything. First of all, people must learn the art of positive thinking. Our youths are our future. Students must be taught the right things from the beginning; to be a good citizen one should abide by the rules and regulations. Moral education must be imparted in schools. The family also plays an important role in this field. A child's first school is his home.

दिए गए गद्यांश के आधार पर निम्नलिखित प्रश्नों के उत्तर लिखिए

हिंसा एक ऐसी सामाजिक बुराई है जो न केवल शारीरिक क्षति पहुँचाती है, बल्कि मानसिक और भावनात्मक स्तर पर भी गहरे घाव छोड़ती है। यह क्रोध, घृणा, असहिष्णुता और सत्ता की लालसा का परिणाम होती है। जब कोई व्यक्ति या समूह अपने विचार, धर्म, या स्वार्थ दूसरों पर थोपने की कोशिश करता है, तो अक्सर हिंसा जन्म लेती है। यह कभी हथियारों से होती है, तो कभी शब्दों से। आज के युग में घरेलू हिंसा, जातीय संघर्ष, धार्मिक दंगे और आतंकवाद, सब हिंसा के ही रूप हैं।

हिंसा से समाज में भय, अविश्वास और असुरक्षा का माहौल बनता है। इससे विकास की गति रुक जाती है और पीड़ितों की मानसिक स्थिति खराब हो जाती है। गाँधीजी ने सत्य और अहिंसा को सबसे बड़ा हथियार बताया था, क्योंकि किसी भी समस्या का स्थायी समाधान संवाद और सहनशीलता से ही संभव है। हमें यह समझना चाहिए कि हिंसा से कोई भी समस्या सुलझती नहीं, बल्कि और जटिल हो जाती है। अतः एक शांतिपूर्ण, सहिष्णु और समरस समाज के निर्माण के लिए हिंसा का त्याग आवश्यक है।
